Hi, Kurt. I spoke to Pat and Ryan. They had alerted Maryanne Lowndes (WDNR) about our sampling efforts. Attached is a briefing paper for more background info. If you have any questions, or want to see nitrate results that are already coming in, please let me know. If you want us to do notifications on future inspection/sampling efforts at the Water Division Director level, Chris or I can do that. According to Pat and Ryan, we normally alert folks at the branch chief level in the states.

Thanks.

Linda
